### Patron in Chief **S.M. Tanveer**

S. M. Tanveer is a prominent businessman and CEO of Din Textile Mills Limited, which is one of Pakistan's leading exporters of various value-added yarns. Throughout his long and distinguished career, he has achieved many significant accomplishments in the textile industry.

One of S. M. Tanveer's most notable achievements is the establishment of Din Textile Mills Limited. The company has grown to become one of Pakistan's most prominent textile firms, boasting four modern spinning units in Lahore with a total of 81,936 spindles. Din Textile Mills Limited exports high-quality value-added yarns, including 100% cotton knitting yarn under the brand name Nabeel, 100% cotton melange yarn under the brand Din, and 100% cotton compact yarn under the brand "DINCOM 4". The company's export worth exceeds \$32 million per annum, and its annual sales turnover is in excess of \$90 million.

Furthermore, S. M. Tanveer established Din Leather (Private) Limited, a top exporting firm of finished leather in Pakistan with an annual turnover of approximately \$28.8 million. He also founded Din Developers, a real estate and construction business, and Din Farms Products (Private) Limited, a poultry farming company.

S. M. Tanveer's contributions to the textile industry have been recognized by various organizations. Din Leather (Private) Limited received the Best Export Performance & Special Merit Trophies from the Federation of Pakistan Chambers of Commerce & Industry (FPCCI) in Karachi for the years 1979, 1980, 1981, 1984, 1985, 1986, 1987, 1988, and 1989 for the highest exports. The International Export Association, UK, also awarded the Gold Medallion Award to Din Leather (Private) Limited in recognition of its export achievements. Din Textile Mills Limited has been awarded "The Top 25 Companies Award" twice by the Karachi Stock Exchange in 2000 and 2001. Furthermore, S. M. Tanveer has received the Gold Medal and Certificate of Excellence in 2013 from the Chief Minister of Punjab for his meritorious services as Chairman of Punjab Industrial Estate Development and Management Company, promoting industrialization in the province. The Prime Minister of Pakistan presented an award in 2013 in recognition of his services to the textile industry as Chairman, All Pakistan Textile Mills Association, Punjab Zone.

Apart from his business achievements, S. M. Tanveer has held various positions in other organizations. He was a member of the Managing Committee of All Pakistan Textile Mills Association (APTMA), Punjab Zone from 1996 to 1997, Vice Chairman from 1997 to 1998, Senior Vice Chairman from 1998 to 2000, and Member of Central Managing Committee from 1998 to 2000. He was also a Founder Member (2004 - 2007) and President (2004 - 2005) of Entrepreneur Organization (EO), Pakistan Chapter. Furthermore, he served as a Director of Punjab Social Security Health Management Company (PSSHMC).

In conclusion, S. M. Tanveer is a highly accomplished businessman with a successful career in the textile industry. He has established various successful companies and achieved many notable accomplishments. His contributions to the textile industry have been recognized by various organizations, and his business acumen and leadership have led to the growth and success of his companies.

## NEWS

From the Desk of President

### **Faraz ur Rehman**

As the President of the Korangi Association of Trade and Industry (KATI), I am proud to share some of our recent achievements in terms of industrial and economic development in the Korangi region.

One of our major achievements has been in the area of infrastructure development. We have successfully lobbied for government investment in upgrading road networks and improving public transportation options, which has greatly enhanced the connectivity and accessibility of the area, making it more attractive to businesses and investors.

The Korangi Industrial Area is a premier industrial hub in Pakistan, known for its diverse array of companies and industries that contribute significantly to the nation's economy. However, the region has had its fair share of challenges, with businesses and residents alike facing various issues ranging from infrastructure deficiencies to security concerns. It is in this context that the Korangi Association of Trade and Industry (KATI) established its Complaint Cell, with the aim of addressing the concerns and grievances of the community in a prompt and efficient manner.

One of the key achievements of the KATI Complaint Cell has been the establishment of a dedicated helpline. The helpline has greatly improved the accessibility of the Complaint Cell, allowing individuals to report their concerns and grievances quickly and easily. This has helped to build trust and confidence in the Complaint Cell and has encouraged greater community engagement.

Another major achievement of the KATI Complaint Cell has been the implementation of a streamlined complaint resolution process. The Complaint Cell has developed a standardized system for registering, investigating, and resolving complaints. This process ensures that each complaint is given due attention and is resolved in a timely and efficient manner. The aforementioned development has significantly contributed to the cultivation of trust and credibility within the Complaint Cell. As a result, it has effectively facilitated the resolution of intricate and persistent issues that were previously challenging to address.

Furthermore, the Complaint Cell has collaborated with various government agencies and stakeholders to address systemic issues affecting the region. For example, the Complaint Cell has worked closely with the Karachi Water and Sewerage Board & SSWMB to resolve issues related to water supply and sanitation. The Complaint Cell has also collaborated with the Sindh Police to address security concerns in the area.

Each year KATI strives to undertake new projects which are aimed at fostering economic growth and KIA development. This year we intend to work on Safe and Green Korangi; Improved Infrastructure with improved KW&SB efforts; Indigenous Industrial Technologies for lower costs and reduced import bills; and creating Employment Opportunities for our Youth through Startups and Industry Based Education. KATI does this through its strong and dedicated team which includes its Office Bearers, Executive Committee members and Standing Committee members. I am confident that our team will also make this year a successful year.

Overall, these achievements demonstrate the impact that KATI is having in driving industrial and economic development in the Korangi Area, and we are committed to continuing our efforts to promote a more vibrant and sustainable economy for our community.

In the end, I would felicitate the revival of this Newsletter and express gratitude to Ms. Nighat Awan SVP KATI and Mr. Muslim Mohamedi VP KATI for their tireless efforts and contributions towards the uplift of KATI.

## NEWS

From the Desk of Senior Vice President

### **Nighat Awan**

Korangi Industrial Area (KIA) is a renowned industrial hub in Pakistan that contributes significantly to the nation's economy through its diverse range of companies and industries. The strategic location, availability of resources, and skilled labor force make KIA an attractive destination for businesses seeking to invest in the region.

KATI has successfully implemented several initiatives to enhance connectivity and accessibility, making the region more appealing to businesses and investors. Notable accomplishments in this regard include the completion of the construction and rehabilitation of the Pakistan Tanners Association Road in Sector 7-A of KIA, significantly reducing traffic congestion and improving the ease of movement of goods and services.

Repairing Pumping Station PS-II improved the sewerage flow in the area, and the construction of a new sewerage line in sector 24, with a length of approximately 1.5 km and a 30-inch diameter, along with a 1.5 km main road construction in sector 24 between 2000 and 1000, was also accomplished.

These achievements highlight KATI's commitment to making the Korangi region a better place for businesses. The organization aims to continue investing in infrastructure development and other initiatives to promote economic growth and improve the quality of life in the region. By creating a conducive environment for businesses to thrive through continued investments in infrastructure and facilities development, KATI aims to support the economic prosperity of the region.

From the Desk of Vice President

### **Muslim Mohamedi**

The Korangi Association of Trade & Industry plays a positive role in trade facilitation through various initiatives and services. It acts as a representative and advocate for businesses in Korangi, and works towards creating a favorable business environment. Here are some ways in which the KATI facilitates trade:

KATI engages with government authorities and policymakers to advocate for business-friendly policies and regulations. It provides valuable input and recommendations to shape trade-related policies, promoting a conducive environment for businesses.

The KATI organized trade exhibitions, conferences, and networking events that bring together local and international businesses. These platforms enable businesses to connect, collaborate, and explore potential trade opportunities, fostering economic growth.

The KATI conducted workshops, seminars, and training programs to enhance the knowledge and skills of its members. These initiatives covered various aspects of trade, including export-import procedures, customs regulations, and international trade practices, empowering businesses to navigate the complexities of global trade.

Overall, the KATI played a vital role in trade facilitation by advocating for favorable policies, providing trade information and support services, fostering networking opportunities, and promoting collaboration among stakeholders. These efforts contribute to the growth and development of businesses in Korangi and facilitate international trade.

### **Korangi Association of Trade and Industry (KATI) Key Initiative - Digital Complaint Cell**

Korangi Association of Trade and Industry (KATI) has taken a pivotal initiative to set up a Digital Complaint Cell to address the issues and grievances of the business community. The purpose of this initiative is to provide a platform to the business community where they can register their complaints regarding any issues they face during their business operations, such as bureaucratic hurdles, security issues, infrastructure problems, and other related concerns. The cell ensures that the complaints are dealt with efficiently and effectively and resolved in a timely manner.

KATI has established the Digital Complaint Cell to provide a platform for members to easily and efficiently lodge complaints, and for KATI to address these complaints in a timely and effective manner.

The establishment of this complaint cell is a significant step towards facilitating the business community in Pakistan. By providing a dedicated platform to address their grievances, KATI hopes to create a more conducive environment for businesses to operate in, which will ultimately lead to economic growth and prosperity.

The complaint cell is working in close collaboration with relevant government departments and agencies to ensure that the complaints are addressed effectively. The team also provides regular updates to the complainants regarding the status of their complaints and the progress made towards finding a solution.

One of the main benefits of the Digital Complaint Cell is that it allows for the swift resolution of issues faced by KATI members. By providing a centralized platform for complaint registration, KATI can quickly identify and address any issues that may be affecting the industry. This can help prevent small issues from escalating into larger problems that could have a negative impact on growth.

Another advantage of the Digital Complaint Cell is that it provides transparency and accountability in the complaint resolution process. Members can easily track the progress of their complaints and have confidence that their concerns are being addressed in a timely and effective manner. This can help foster trust between KATI and its members, which is essential for building a strong and resilient industry.

The Digital Complaint Cell also helps KATI to collect valuable feedback from its members, which can be used to improve the quality of services provided. By listening to the concerns of its members and taking action to address them, KATI can ensure that it is meeting the needs of the industry and promoting growth and development.

Overall, KATI's Digital Complaint Cell is a valuable tool for promoting industry growth and development. By providing a platform for members to easily and efficiently lodge complaints, and for KATI to address these complaints in a timely and effective manner.
